

Oldfields School Presents

NEW Summer 2019 Technology Camps!

Classic Video Games & Apps

App Attack!

Take the first steps into the world of mobile app design and customize your own game app! Using a specialized app & game development tool, students will explore the world of web-based (HTML5) mobile apps.

Make Your First Video Game!

If you love playing video games, this is the camp for you! Make your first video game in this one-of-a-kind class that shows you the keys to designing your first 2D platformer.

3D Video Games

Make Your First 3D Video Game

In this Black Rocket classic, you will go well beyond the limitations of the traditional 2D game design classes and create an immersive 3D world.

Mixed Reality

Virtual Reality The Future is Now

Embark on an EPIC adventure in virtual reality! In this cutting-edge class, you will learn the foundations of VR design by creating your own virtual worlds.

Coding

Code Breakers

Calling all future coders, programmers, & designers! Learn the basics of coding languages like HTML, JavaScript, and CSS through a series of web projects and design challenges each day and be on your way to becoming the next tech star!

Sandbox Builders & Coders

Minecraft Designers

If you love the game Minecraft, and always wanted to design your own world, this class is for you! Learn how to create a custom map and the basics of creating 3D models.

Minecraft Modders

Use your favorite game to learn the basics of modding and foundations of programming. Learn scripting and logic statements as you create your first mods!

Roblox® Coders & Entrepreneurs!

Discover how to code in the Lua language while playing and designing worlds in ROBLOX®, an online universe where you can create anything you dream of.

**Camps Offered Monday to Friday
Every Week from July 8th through August 2nd for Ages 8-10 & 11-14**
